

## PLUG & PLAY - Switch

Smart adapter for lights and electrical appliances

### Features

-  Automatic switching on and off
-  Switch to sun time
-  Create scenes
-  High switching capacity - up to 3680W

## Switch - smart adapter for lights and electrical appliances

### Description

The switch enables the switching of conventional bulbs and other electrical devices. The product is Casambi Ready and therefore compatible with all AIMOTION systems and Casambi powered lights.

### Safety instructions:

When working on the connected device, please remove it from the socket of the switch. Disconnect appliances that generate heat from the mains, i.e. from the switch, after use to prevent accidental power-up. Very large capacitive and inductive loads can in unfavorable cases lead to the destruction of the device or reduce the number of switching cycles. Do not use the switch with medical devices. To connect to a B16A circuit breaker.
